

INQUISIQ^{r3}

Inquisiq R3™ is a simple to use but powerful learning management system that gives you the ability to deliver SCORM-compliant content in both public and private environments. It is a straightforward, robust solution with an intuitive interface that allows you to organize catalogs, review reports, issue certificates and sell your content using a variety of e-commerce solutions.

Inquisiq R3™ is offered in both **hosted** and **installed** solutions to best meet your particular needs.

Hosted Solution

The Inquisiq R3™ hosted solution allows you to completely outsource the LMS application to ICS Learning Group. It is a pay-as-you-go solution based on the number of user accounts in the system. A \$150 setup fee is all that is required to get your account up and running and there is no long term commitment required.

Hosted Solution Pricing		
Inquisiq R3™ (per month)	User Accounts	Content Space (additional storage space can be purchased at \$10/GB/Month)
\$200	1 to 50	500 MB
\$300	51 to 100	750 MB
\$500	101 to 250	1 GB
\$800	251 to 500	2 GB
\$1,000	501 to 1000	4 GB
\$1,200	1001 to 5000	6 GB
\$1,300	5,001 to 10,000	8 GB
\$1,500	10,001 to 25,000	10 GB
\$1,700	25,001 to 50,000	12 GB
\$2,000	50,001+	20 GB

Pricing includes unlimited number of branded Inquisiq R3™ applications although there is a \$150 one-time setup fee per application. Having multiple applications allows you to uniquely accommodate different clients and situations.

Pricing also includes phone and email technical support from 9 AM to 5 PM EST Monday through Friday (except holidays). This support is restricted to a designated set of your technical support staff and does not include end-user support.

With the hosted solution you will also get the benefit of receiving all Inquisiq software upgrades automatically at no extra charge.

Installed Solution

An Inquisiq R3™ license can be purchased for installation on your server. This option can be more economical over longer time periods, especially for large user populations. It also provides a solution for situations where the application must run behind a firewall or in a more controlled network environment.

The license is available in two flavors: a lower cost version for up to 1000 users and a standard version with no user limit.

We also offer optional technical support and software maintenance plans. The technical support plan offers you email and phone support between the hours of 9:00am and 5:00pm EST Mondays through Friday (except for holidays). The software maintenance plan will give you access to all software updates and new versions as they become available.

Please note that ICS Learning Group also offers Inquisiq hosting to those who want the cost benefits of purchasing the installed solution but would like ICS to provide the associated LMS web hosting (see Inquisiq Hosting pricing on page 3).
